

Aral3D

A 3D platform for the Aral Sea basin.

Free and public. An educational game and a data exploration tool.

An interactive 3D environment of the Aral Sea basin for schools, museums and researchers.

What is water?

How we picture water shapes how we use it. The project explores different ways of seeing the Aral basin — as map, as terrain, as climate, as everyday life.

Two modes.

0 1 — G A M E

Educational levels

Short missions and playable worlds for students, schools and museum visitors.

0 2 — E X P L O R E

Data exploration

Real elevation, historical basins, demographics, climate and water timeline. Shareable views.

THE ARAL SEA

AN INTERACTIVE EXPLORATION

Play

Choose your character, Ministry of Sea, Water Sim, GeoGuessr & more

EXPLORE MODE

Data exploration view.

GAME MODE — V O X E L

A playable level.

A R A L 3 D

0 7 / 1 5

Audiences.

S C H O O L S

Curriculum-ready missions and classroom workshops.

M U S E U M S

Touchscreens, projections and controller installations.

R E S E A R C H E R S

Real elevation and historical layers with shareable views.

M I N I S T R I E S

Scenario tools for water, agriculture and ecology.

P U B L I C

A playable Aral Sea for festivals and exhibitions.

\$30,000

Six months of work: product polish, curriculum integration with the Ministry of Education, and museum-ready versions.

Six months.

- | | |
|----|---|
| M1 | Polish product, public demo. |
| M2 | Educational version and ministry talks. |
| M3 | First curriculum-ready learning module. |
| M4 | Adapt for Aral Culture Summit 2026. |
| M5 | Museum versions: Savitsky, Aral Sea Museum, CCA Tashkent. |
| M6 | Documentation, demo video, 3-year roadmap. |

Where it goes.

Product polishing and frontend	\$8,000
Educational module and curriculum	\$6,000
Museum and exhibition adaptation	\$9,000
Visual and interface design	\$3,000
Documentation, video, materials	\$2,000
Coordination and production	\$2,000
T O T A L	\$30,000

\$150K over 3 years.

- Y1 Curriculum alignment, school pilots, museum installations.
- Y2 New learning modules, exhibition formats, regional stories.
- Y3 Free public platform for education, culture and ecology.

Venues.

01 Aral Culture Summit 2026

03 History and Aral Sea Museum

05 Tashkent Design Week

07 Venice Architecture Biennale

02 Savitsky Museum

04 Center for Contemporary Art, Tashkent

06 Milan Design Week

08 Venice Art Biennale

Free, by default.

Aral3D stays free for schools, students, teachers, researchers, museums and public institutions.

CORE SUPPORT

Ministry of Education, Ministry of Ecology, public educational and environmental programs, state museums, universities.

OPTIONAL

Private museums, festivals, private educational centers, commissioned exhibition versions, international cultural programs.

Aral3D

A 3D platform for the Aral Sea basin.
